DSND Term 2 Learning Plan

Welcome to the Data Scientist Nanodegree program! Don't skip through the Welcome module — it will set you up for success. Times here are just estimates; you may spend more or less.

Week 1

Time	Activity	Notes
1 hour	Complete Welcome: Lesson 1	Don't rush through this. :)
15 mins	Complete Welcome: "The Skills that Set You Apart" lesson	What skills do data scientists need? Hear from experts in the field.
3 hours	Complete Intro to Data Science: "The Data Science Process" lesson	In your classroom, join the Study Group called "Write a Data Science Blog Post." Ask questions in that Study Group, or in Knowledge.
1 hour	Complete Intro to Data Science: "Communicating to Stakeholders" lesson	Take good notes and work through all quizzes.
BONUS	Get to know your support resources: • Knowledge • Study Groups	The Getting Help page in the Welcome module guides you through these.
